SUMMARY

Entry level DevOps enthusiast with a passion for automation and continuous integration. Experience in cloud computing, version control and eager to contribute to streamlined development processes.

EXPERIENCE

Cloud Engineer Intern

Blucursor Infotech

July 2023 – September 2023, Indore

- Implemented Docker containers for application deployment.
- Actively used AWS services including EC2, SNS, SES, Lambda function, IAM, CloudWatch, Step Function, Event Bridge, and VPC.
- Experience in Linux command line operations.
- Utilized Git for version control, including branching, merging, and resolving conflicts.
- Collaborated with team members to troubleshoot issues and improve development workflows.

PROJECTS

Safar Application

Swami Vivekanand College of Engineering • September 2022 – April 2023

- Problem – We consider No Dues as a problem. No Due is a form that sign's that students don't have any pending fees in a College. No Due is a process where students take blank forms from college and fill's it with the help of the Account Department, Scholarship Department and Library. So, we solve this problem with the help of our Application where students sign up and see their details and remaining fees in the Application.
